NEW 2020 PROJECT

**Gebrüder Thonet Vienna GmbH (GTV) presents
the new MOS storage units**

The MOS storage units are the stars of this week. A new product family by GamFratesi that expand the latest storage units and bookcases category together with NYNY totem.

The introduction of storage units follows that of headboards presented in 2019 and affirms the strong desire of GTV to offer a more complete furnishing range both in the residential sector and in the hospitality and hotel industry. Following the bench, refined 2019 project, MOS has been enhanced with three new elements, namely console, bookcase and side table, which can also be used as a bedside table.

Ellipse shape and calibrated dimensions remain common features of the new elements, which fit into any environment, thanks to their light elegance, whether it be the living room or the sleeping area as in refined lounge spaces.

MOS Side Table

side table and bedside table

The woven cane shell conceals the wooden tops, two for the side table, three for the console and four for the bookcase. The frame in natural stained or black lacquered bent beech wood is supported by brass feet.

MOS Console

storage unit and bookcase

MOS Bookcase

storage unit and bookcase

The story of the 2020 novelties ends with MOS.
Thank you for your interest in these weekly appointments.
Let's keep in touch!
